Enzo Fur-arri, the Havanese WonderPup, woke up like he did every morning - *So Excited* to start the brand new day! He ran quickly out the door when his mama let him out, knowing full well that as soon as he came back in, he'd get his most favourite treat ever, one that he loved.loved.loved *SOOOOOO MUCH!* Licking his lips and wagging his tail, he waited like the good boy that he always tried to be.

He also knew that he'd get another one as soon as his dad got up - such a spoily doggy, he was!

When he finished enjoying his oh-so-yummy snack, he went looking for his mama, wondering what they would do that day. Hmmmm, it looked like she was busy at her computer doing some work. Oh well, he knew she'd be stopping soon, so he decided to have a little rest on the comfy guest bed right next to her office, that way he could be sure to keep an eye on her.
